

To compile thrift file:

```
thrift --gen java Node.thrift
```

```
thrift --gen java ActualNode.thrift
```

To compile the files:

```
javac -cp ../../jars/libthrift-0.9.3.jar:../../jars/slf4j-api-1.7.14.jar:gen-java  
*.java
```

To start the Coordinator:

```
java -cp ../../jars/libthrift-0.9.3.jar:../../jars/slf4j-api-1.7.14.jar:gen-java  
SNServer Nr Nw NTotal
```

To start the Node on port "portNumber"

```
java -cp ../../jars/libthrift-0.9.3.jar:../../jars/slf4j-api-1.7.14.jar:gen-java  
NodeServer portNumber
```

To start the Client:

```
java -cp ../../jars/libthrift-0.9.3.jar:../../jars/slf4j-api-1.7.14.jar:gen-java  
Client op numberOfOps
```
